Medical and Travel Insurance

Most students are not entitled to publicly funded health services while in New Zealand unless they are:
A resident or citizen of Australia; or
A national of the United Kingdom in New Zealand; or
The holder of a temporary permit that is valid for two years or more.

If you do not belong to one of these special categories and you receive medical treatment during your visit, you will be liable for the full costs of that treatment. It is compulsory for all international students at Garin College (including group students) to have appropriate and current medical and travel insurance that will cover the cost of medical treatment in New Zealand for the duration of their stay in New Zealand. You can arrange this in your home country and provide us with evidence of the insurance policy or we can arrange it for you.

You will be required to complete a declaration in the Student Visa Application form stating that you:

- agree to arrange and hold insurance which your education provider considers acceptable, from the period of your enrolment until the expiry of your student visa, unless you depart New Zealand earlier; and
- understand that holding insurance will be a condition of your visa and that you may become liable for deportation if you do not hold insurance, from the period of your enrolment until your visa expires, unless you depart New Zealand earlier; and
- understand that you may have to provide evidence of having held acceptable insurance with any further visa application
- if you come to study on a visitor visa proof of insurance is still required as per the Code of Practice for the Pastoral Care of International Students.

Eligibility for Health Services

Accident Insurance

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents, and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at www.acc.co.nz

Garin College has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International students published by the Ministry of Education.
